

JCCA Online School

The current state of education is incredibly uncertain. Parents are facing the question of how to identify what is the right learning environment for their child and family in a constantly changing environment filled with many unanswered questions. Schools are challenged by how to best manage learning in the face of COVID-19 and identify what is best for the health and safety of students and staff. Many schools have also been left reeling and without the ability to provide academically rigorous and effective education when forced to close campuses due to COVID 19.

In an effort to provide resources in this time of uncertainty, JCCA is now offering an online option for every class from Pre K - High School for the 2020-2021 School Year. All of our high quality, accredited, in person classes will be streamed live, **real teachers-real time**. In an effort to make online schooling work for all families and to accommodate a variety of work situations, these classes will also be recorded for later viewing to allow for working families as well.

At JCCA, we strive to provide a quality education that is both affordable and flexible for your schedule. This is why we are offering an online educational option for your family. This option can be customizable between an in-person experience and virtual learning to fit your family's needs. This will provide the personal interaction and quality education that is so vital for our kids today.

Due to financial hardships caused by economic challenges in the US, JCCA is offering these classes at 2 different rates.

Full Time Online Pre K - High School Classes Online WITH Teacher Support	\$1,500/semester
Full Time Online Pre K - High School Classes Online W/OUT Teacher Support	\$750/semester
Single Course Online Middle and High School Classes Online	\$250/class

0% Interest Payments Are Also Available To Everyone

Teacher Support allows your students to communicate with the teacher as often as needed and interact with the classroom. Online learning without teacher support still gives you the quality classes in full, only support will be provided by the parent.
